FLYING

If flying to Emporia makes the most sense for your situation, there are several nearby airports. Expect to drive an additional 2 hours to get to Emporia, so plan to rent a car. Most airlines have discounts for advance reservation (7-day, 21-day and 30-day).

Before booking, check policies and restrictions on Saturday night stay-over, ticket changes, refunds, etc. Get ticket prices from several airlines and through more than one travel service. Generally, you will spend less money on travel if you make your arrangements sooner rather than later.

ABOUT EMPORIA

Weather

Spring and fall are transitional seasons with rain likely and temperatures being warm or cool. Occasional thunderstorms in late spring through summer may occur. During summer (late June through mid September), highs can reach the mid 90s and above. Short sleeves and lightweight pants (or shorts for casual wear) are perfect for summer. We recommend bringing a light jacket or sweater for class in the Training Center.

Emporia Community

With a population of nearly 25,000, Emporia is a modest and typical Midwestern town. It has a surprising balance of industry, culture, education, and agriculture. Emporia State University has over 6,000 full-time students from around the world.

Restaurant choices are standard for the Midwestern and Southern states. Both Mexican and Asian food restaurants thrive, with a variety of fast food franchises located throughout the city. The community has adopted a smoke-free law, so all dining, lodging, and the GRS Training Center are smoke-free.
